November 19, 2018

Dear Community Member,

Last year our annual campaign raised \$14,000, demonstrating ***your commitment*** to our work. Those funds allowed us to provide medical and dental services, and necessary medication to those in need in Livingston and surrounding counties. While that campaign was a huge success, the need for healthcare services and medication is not one that goes away. The medical needs of our clients continues to increase, and we currently have waiting lists for those who need our help.

As the holidays draw near, we are hoping you will feel inspired to make a tax-deductible contribution—either again or for the first time—to help us continue to provide necessary health care, health education, disease prevention, and advocacy to those who are underinsured or have no insurance.

For over 13 years, the Geneseo Parish Outreach Center Inc. volunteer staff has played a vital role as a health care provider for low-income individuals and those living in poverty. Our factsheet (on the back of this page) outlines examples of our work for those who have little to no control over their health care options. Because our work is carried out through the efforts of an all-volunteer staff, ***88 cents of every dollar donated*** is used ***directly*** for patient care.

We invite you to review the factsheet on the back of this letter. Then visit our website or use the form below to give the gift of health to our neighbors in need.

Thank you for your time and consideration.

Sincerely,

Paul Frame, MD.
Medical Director

Donna Flaherty, PA C
Executive Director

Diana Harke
Board President
